IS LASER HAIR REMOVAL PERMANENT?

Laser Hair Removal I better referred to as a hair reduction. So hair can be removed up 99%. There is always a slim chance of hair growing back.

HOW MANY SESSIONS WILL I NEED?

This really depends per area. From our experience we can confidently say that you would need a minimum of 6 sessions. It can be to as many as 15 sessions on certain areas.

HOW OFTEN IS A SESSION?

Appointments are scheduled every 4-6 weeks.

PRE-CARE PRIOR TO LASER?

No waxing 6 weeks before laser and have the area unshaved for 1 week. We need active hair growth for the treatment to work.

AFTER-CARE POST LASER

No exercise, sun bathing, sauna 24-hours after laser.
